

PUMPKIN SPICE

Turn your home into the perfect hibernation station with autumnal hues and pumpkin-themed accessories

CHEERFUL CORNER

You don't have to break the bank to go all out and create a pumpkin-filled nook in your home – these decorations start from £1 at Poundland. Building a bright autumnal display is a fun project for the kids or grandchildren – and you!

SOFT TOUCH

A pumpkin theme doesn't mean everything has to be orange. Soft, muted tones will give your living space a natural feel, so find accessories in olive green, biscuit and creamy hues, like this Cosy Cottage range from Matalan, with prices from £5.

ORANGE ZEST

This pumpkin duvet set, from £9.75 at Matalan, will make your bedroom feel warm and inviting. Pair it with a sumptuous burnt orange throw, scatter cushions and a pumpkin scent diffuser to create the perfect environment for a deep slumber.
