BRIEF

An enrichment centre offers various programs for young adults, including music, art, and dance. Design a mobile application that allows the young adults to view their registered class/es, the schedule and venue.

The mobile application enable users to browse new programs, select and register for classes and view the payment status. The design of the mobile application should ensure that users have a good experience with the mobile application.

The mobile application should consist of at least FOUR (4) pages – Home, Programs, My Classes, and Registration. It should allow users to browse, filter, sort and search programs of their choice via attributes including classes, day, time and price.

The design of the mobile application should incorporate appropriate choice of design principles and design patterns. The design of the wireframes, mock-ups, and interactive prototype should be created using Figma interface design tool.

CONTENT

THE CONTENT WITHIN THE MOBILE APPLICATION WILL PRIMARILY REVOLVE AROUND THE PROGRAMS OFFERED BY THE ENRICHMENT CENTRE AND THE USER'S INTERACTION WITH THEM. WITH KEY CONTEXT ELEMENTS SUCH AS PROGRAM INFORMATION, USER-SPECIFIC INFORMATION AND APPLICATION NAVIGATION & INTERFACE ELEMENTS
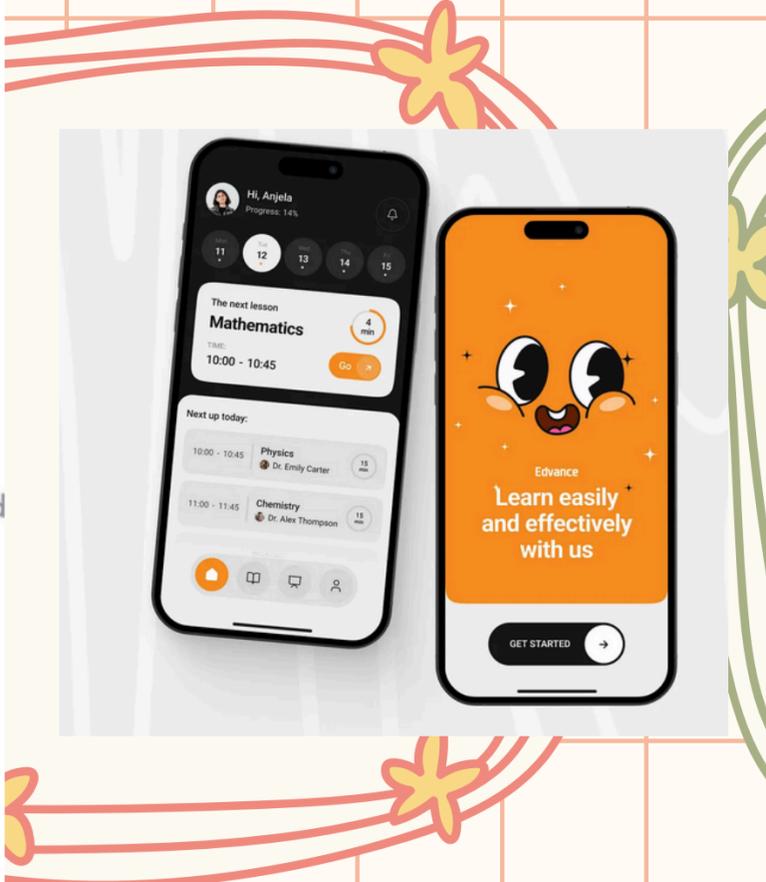

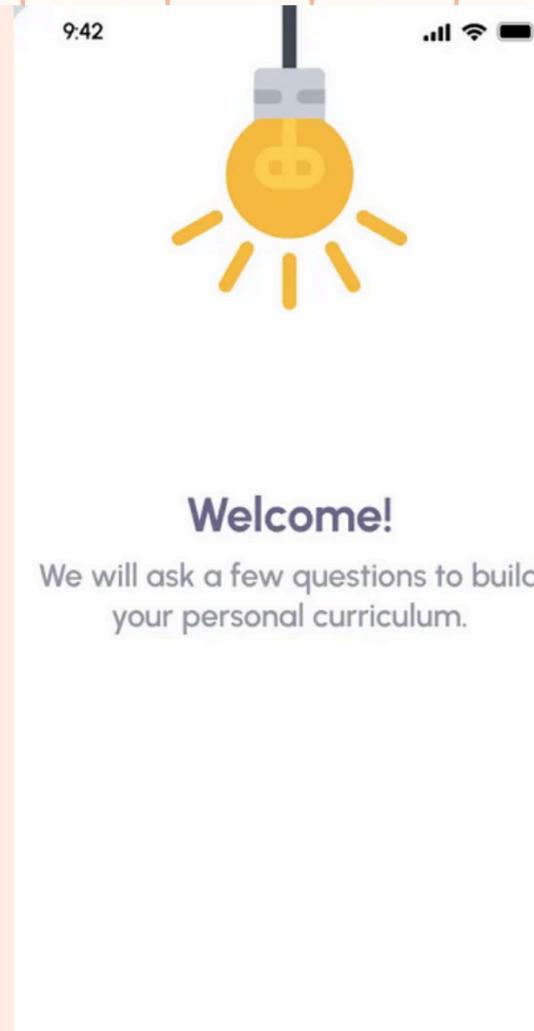

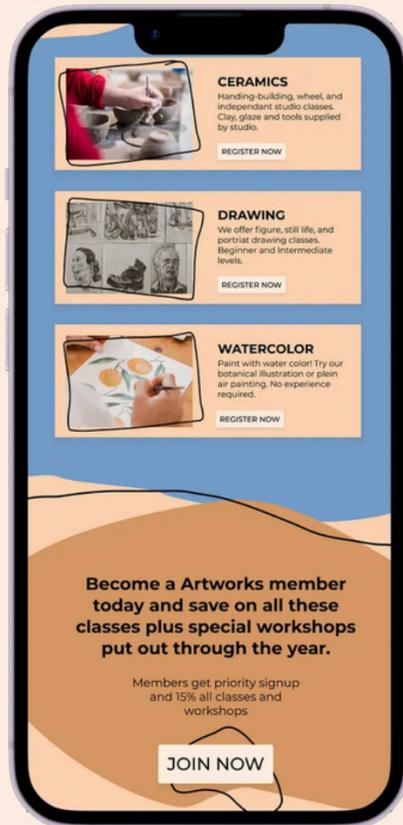

USER AND CONTEXT OF USE

THE PRIMARY USERS OF THIS MOBILE APPLICATION ARE YOUNG ADULTS INTERESTED IN SELF-ENRICHMENT THROUGH MUSIC, ART, AND DANCE PROGRAMS.
WHEN : LEISURE TIME, DECISION-MAKING, ON THE GO, BEFORE/AFTER CLASS
WHERE : ANYWHERE WITH AN INTERNET CONNECTION, POTENTIALLY ON-SITE AT THE ENRICHMENT CENTRE

FLOW DIAGRAM

JUSTIFICATION

EFFICIENCY

THE DESIGN AIMS TO ALLOW USERS TO ACCOMPLISH TASKS QUICKLY AND WITH MINIMAL EFFORT, REDUCING UNNECESSARY STEPS AND COGNITIVE LOAD. FROM THE HOMEPAGE (0.0), USERS HAVE IMMEDIATE, ONE-TAP ACCESS TO THE FOUR MOST CRITICAL AREAS (PROGRAMS, CLASSES, REGISTRATION/CANCELLATION, USER ACCOUNT & SETTINGS). THIS "FLAT" PRIMARY NAVIGATION REDUCES THE NUMBER OF CLICKS REQUIRED TO REACH CORE FUNCTIONALITIES, ENHANCING TASK COMPLETION SPEED.
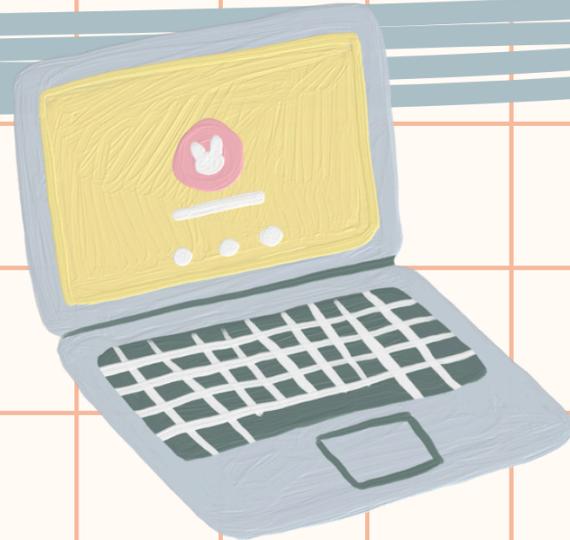

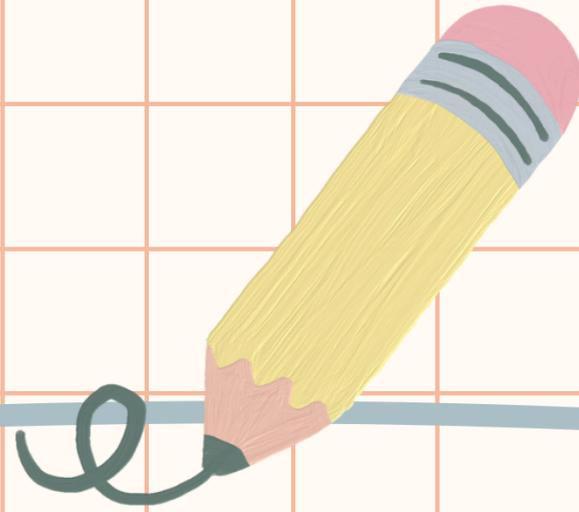

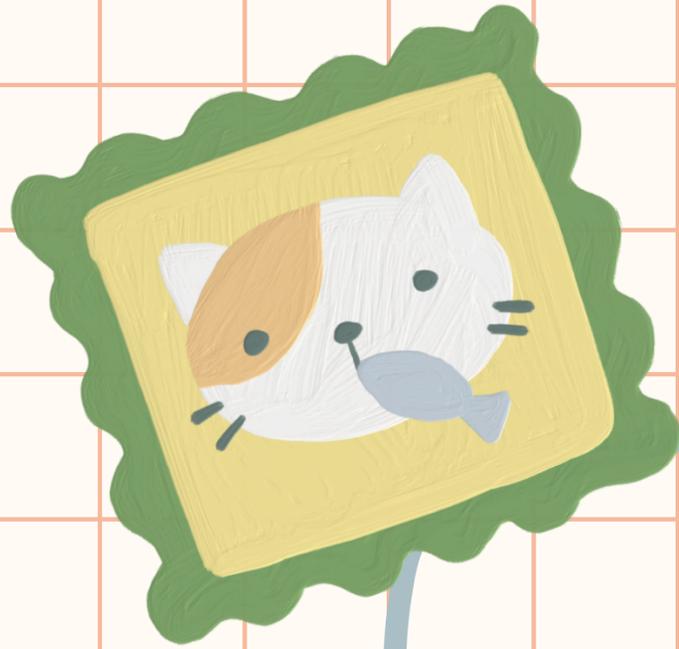

USER CONTROL & FREEDOM

THE DEDICATED "MANAGE / CANCEL MY ENROLLMENTS (3.2)" SECTION WITHIN THE REGISTRATION/CANCELLATION (3.0) PAGE PROVIDES USERS WITH THE EXPLICIT ABILITY TO MODIFY OR UNDO THEIR COMMITMENTS. THIS ENSURES THEY FEEL IN CONTROL OF THEIR CLASS SCHEDULE AND FINANCIAL COMMITMENTS, FOSTERING TRUST AND REDUCING ANXIETY.

ERROR PREVENTION

THE DESIGN STRIVES TO MINIMIZE THE CHANCES OF USERS MAKING MISTAKES AND TO GUIDE THEM THROUGH COMPLEX PROCESSES SAFELY. WHILE "REGISTRATION" AND "CANCELLATION" ARE UNDER ONE LOGICAL UMBRELLA (3.0), THEIR SPECIFIC SUB-SECTIONS "REGISTER FOR NEW PROGRAM (3.1)" AND "MANAGE / CANCEL MY ENROLLMENTS (3.2)" ARE DISTINCT. THIS CLEAR SEPARATION HELPS PREVENT ACCIDENTAL CANCELLATIONS WHEN A USER INTENDS TO REGISTER, OR VICE-VERSA, BY GUIDING THEM TO THE CORRECT WORKFLOW FROM THE OUTSET.
