D.C. Aquilante

Our Story

D. C. (Dan) Aquilante, Live Edge Artisan, located in the heart of Chester County, PA, embraces the exquisite artistry of natural wood slabs and designer craftsmanship, perfecting one-of-a kind, impressive, live edge masterpieces. Many of the live edge wood slabs are indigenous to the surrounding, pictorial Chester County landscapes, salvaged from old, dying, diseased, hazardous or storm struck timber, giving new life to fallen trees, which would have other wise been discarded.

D.C. Aquilante's full array of live edge wood slabs, functional art, art pieces, and stunning live edge furniture, are all intricately designed, start to finish, from harvesting, milling, dehumidification, designing through handcrafted fabrication. D. C. Aquilante's mastery brings the statuesque beauty and serenity of the tree, new life for generations to come.
