Internship Objective

An aspiring game design student with a passion for problem-solving and continuous learning. I'm seeking an internship opportunity to contribute meaningfully to impactful projects while developing practical, real-world skills. My adaptability and strong foundational knowledge make me a versatile asset ready to add value to any team.

Summary of Key Skills

Technical skills:

- Coding 2D and 3D games in Unity using C#
- 3D modeling and animating in Blender
- UI/UX designing in Photoshop & Canva
- Video editing in Capcut

Core skills:

- Professionalism
- Hardworking
- Customer service
- Adaptable

Education

Republic Polytechnic

2024-2027

Diploma in Design for Games and Gamification

Work Experience

McDonald's
