- User Experience (UX) Design
- User Interface (UI) Design
- Wireframing & Prototyping
- Design Research
- Interaction Design
- Visual Hierarchy & Layout

Technical:

- HTML
- Website Building
- Product Design

CERTIFICATIONS & COURSES:

- **Unmanned Aircraft Basic Training**
– Republic Polytechnic
- **Learning Design for Sustainability**
– LinkedIn Learning
- **Introduction to Geometric Dimensioning & Tolerancing**
– LinkedIn Learning

LANGUAGES

- English (Fluent)
- Malay (Fluent)

PROFILE

- Final-year Diploma in Design for User Experience (DDUX) student from Republic Polytechnic experienced in designing structured digital workflows for complex systems.
- Focused on simplifying processes into intuitive, step-by-step interfaces that improve usability, reduce friction, and support accurate data capture.
- Strong foundation in UX research, interaction design, and visual design with real-world experience in rail safety systems.

WORK EXPERIENCE

SBS Transit (Rail)

OCT 25' - FEB 26'

Intern - Rail Safety, Security & Emergency Planning (SSEP)

- Led UX redesign of the Hazard Incident Reporting System (HIRS)
- Designed a structured, multi-stage reporting flow to reduce friction and improve submission accuracy
- Simplified complex location input fields to strengthen data consistency for analytics
- Created detailed high-fidelity mockups that served as clear implementation guides for developers
- Contributed to rail safety initiatives including depot campaigns, emergency preparedness exercises, international awards ceremonies

GES Singapore (waters)

NOV 22' - MAR 23'

Technical Operations Assistant

- Assembled and quality-tested medical devices with precision compliance
- Coordinated inventory and cross-department logistics
- Mentored a special-needs intern, strengthening team collaboration and empathy-driven workflow

Omni Logistics

JUN 22' - SEP 22'

Culinary Operations Assistant

- Managed high-volume motherboard and component inventory
- Resolved discrepancies and prioritized urgent orders
- Developed analytical “find-and-fix” mindset applied today in UX problem-solving

EDUCATION

Diploma in Design for User Experience (DDUX)

2023-2026

School of Technology for Arts, Media and Design (STA) | Republic Polytechnic
