## Education

### Mechanical Technology

ITE College Central

2016 – 2018

### Marine Engineering

ITE College Central

2018 – 2020

### Design & Media Republic Polytechnic

2023 – ongoing

## Personal Interest

- Filming behind-the-scenes or event production content
- Attending live events, concerts, and exhibitions for inspiration
- Learning new design and video tools to improve my skills and editing short videos for creative projects
- Exploring graphic design ideas and experimenting with visuals

## Language

English

Malay

## Profile

A motivated and creative student pursuing a part-time Diploma in Design & Media at Republic Polytechnic. I have growing skills in video production, camera operation, and graphic design, with hands-on experience using Reaper, Photoshop, and Adobe Illustrator. I enjoy creating visual stories that capture attention and emotion. I'm eager to apply my technical and creative skills in real-world projects, whether through filming, editing, or design work. Hardworking, reliable, and quick to learn, I aim to gain more experience in the media industry and contribute to professional video or graphic production teams.
