THE Fishery Bay Surf Reserve Committee is continuing its preparations for the upcoming Stoke Festival and has released a limited edition t-shirt honouring Fishery Bay.

A community collaboration has got the t-shirts on shelves, with the committee working with InkBratz, Emptyjunior Productions and Lincoln Surf Co.

Celebrating the release of the tshirts are committee chairperson Ngahuia Trewartha, centre, and InkBratz screen printers Madi Nugent and Jemma Schilling.

Bones uncovered

By Charlotte Martin

REMAINS have been found in the backyard of a home on Pamir Street this week as part of an investigation into the fresh search for the remains of missing Port Lincoln woman Susan Goodwin.

Police believe the 39-year-old was murdered.

The intensive search, with the assistance of Port Lincoln and Australian Federal Police (AFP) officers, has focused on the property in Pamir Court which was reportedly tenanted by a Port Lincoln man at the time of Ms Good-

win's disappearance.

The man is known to police.

A forensic anthropologist has been organised to make their way to Port Lincoln from Adelaide and investigate the remains to confirm whether they are human.

Specialist radar equipment provided by the AFP has been used and Major Crime Investigation Branch detectives will remain in Port Lincoln during this time.

Susan was reported missing on Friday, July 19, 2002 from her home address in Moonta Crescent at Port Lincoln.

She was last seen around noon that day, af-

ter shopping at Coles and Woolworths in Port Lincoln.

At about 4.45pm Susan's vehicle was found in the driveway of her home address.

A reward of up to \$200,000 is available to anyone who provides information and assistance that leads to the conviction of the person or persons responsible for the suspected murder of Ms Goodwin and/or leading to the location and recovery of her remains.

Anyone with information that could assist the investigation to call Crime Stoppers on 1800 333 000 or report online at crimestoppers.com.au

SES and SAPOL surround the uncovered remains. (Charlotte Martin: 504342)
