Re: Transitioning Attendant Outreach Services to March of Dimes Canada

March of Dimes Canada (MODC) is excited to become the Attendant Service provider for Spinal Cord Injury Ontario (SCIO) clients. We feel very fortunate to have this opportunity.

MODC has a long history of collaboration with SCIO and the organizations share a common philosophy around the promotion of independent living, inclusion and choice.

While details are still being confirmed, we want to assure you that MODC and SCIO will work together to make this transition as collaborative and smooth as possible for both attendants and clients.

Our goal is to ensure that everyone is supported during the transition process, and to find opportunities to engage SCIO staff and clients in the near future. For now, please feel free to approach SCIO management with any questions or concerns. We will do our best to address them all as soon as possible.

On behalf of March of Dimes Canada, we look forward to meeting you and working with you.
