

Kansas City Aerial Arts - Student Showcase announcement

Mark your calendars for March 29th as a night full of circus fun! Our free Student Showcase will begin at 7pm sharp. Level 1 students will perform group routines choreographed and learned in their skill classes, while Level 2+ students may perform self-choreographed solo or duo routines. Enrollment in a skill class does not require performance involvement, but everyone is encouraged to come out and support their peers! Our aerialists have an inspiring show in store, and KCAA will be accepting donations. Doors open at 6:30 pm, reserve your seat now so you don't miss an evening with this circus community!
