Professional Statement

Board-certified obstetrician-gynecologist with over 20 years of clinical experience and a strong foundation in patient-centered communication. Transitioned to a career in medical writing and editing with a focus on developing accurate, accessible, and engaging health content for the lay public. Expertise spans women's health, pregnancy and postpartum care, medical training, physician wellness, and the business aspects of healthcare. Skilled in translating complex medical information into clear, compelling narratives that inform and empower readers. Dedicated to bridging the gap between medical knowledge and public understanding.
