PROFILE

As a dedicated Provisional Psychologist, I bring a robust foundation in evidence-based interventions, including CBT and mindfulness-based therapies, honed through years of direct client work in community mental health, youth work and victims of crime. My approach prioritises cultural humility, ethical compliance, and fostering resilience in clients navigating trauma, anxiety, and mood disorders. I thrive in collaborative environments, working closely with supervisors and multidisciplinary teams to deliver holistic care. With a passion for lifelong learning and advocacy for accessible mental health support, I am eager to contribute my skills in assessment, case formulation, and client advocacy to your organisation's mission

WORK EXPERIENCE

Response & Connection Practitioner

January 2025 - Current

DV Connect

- Crisis Counselling: Ability to provide immediate, trauma-informed support to individuals in crisis.
- Risk Assessment: Skilled in assessing and managing risk for clients affected by sexual violence.
- Referral Pathways: Knowledge of and ability to connect clients with appropriate specialist counselling services (internal or external).
- Trauma-Informed Practice: Experience in delivering compassionate, trauma-informed care to individuals impacted by sexual violence.
- Intersectional Feminist Framework: Understanding of intersectional feminist practice to address the gendered nature of violence against women and children.
- Stakeholder Engagement: Strong skills in building and maintaining positive relationships with external stakeholders (e.g., Queensland Sexual Assault Network, Queensland Police, community services).
- Communication Skills: Excellent verbal and written communication skills for effective client support and collaboration with stakeholders.
- IT Proficiency: Competency in using IT systems and tools relevant to the role.

Counsellor Support Worker

January 2024 - January 2025

DV Connect

- Arranging safe transport for clients fleeing unsafe situations and providing safe accommodation.
- Arranging payments, invoices and correspondence between clients and stakeholders.
- Administrative duties, including in-bound and out-bound calls
- Providing immediate support to individuals in crises, helping them manage their emotions and make informed decisions.
- Acting as an advocate for clients when dealing with other services or institutions, such as legal aid, social services, or housing authorities.
- Helping clients regain control of their lives by building self-esteem and confidence, often through education about healthy relationships and personal boundaries.
- Assisting in the development and implementation of programs aimed at preventing domestic violence and supporting survivors.
- Participating in ongoing training and professional development to stay informed about best practices and new developments in domestic violence support.

MICHELLE MASHURO
