Profile

A recent Creative Communications graduate at RRC Polytech with 4+ years of experience in media production. I started by joining my high school's film course and broadcasting program Channel 7 Oaks, where I created short films, promotional videos, and helped stream live events. I'm currently looking to do more video work around the city, while I still work part-time as a bartender.

Education

Creative Communications

August 2024 – May 2026

RRC Polytech

Winnipeg, Manitoba

- Learned about advertising & marketing communications, media production, journalism, and public relations & communications management
- Specialized in media production; I was the Director of Photography for our year-long project, creating a documentary that will air on Fibe TV (Bell MTS) this summer. I collaborated closely with my class to plan and execute other projects like reaching out to local businesses and finding creative ways to tell their story.

Film and Broadcasting

2022 – 2024

Channel 7 Oaks

Maples Collegiate

Winnipeg, Manitoba

- Learned about film techniques, photography, and videography
- Assembled short films and promotional videos
- Gained experience with Adobe Premiere Pro and Adobe Audition
- Produced live sporting events, school concerts, and cultural events

Experience

Marketing Communications Intern

November 2025 – December 2025

Winnipeg Sea Bears

Winnipeg, Manitoba

- Utilized my Adobe skills (Illustrator, Photoshop, Premiere Pro, and After Effects) to quickly turn around small projects and short reels for social media
- Captured video and helped set up for a press conference
- Shot video content with a player for social media
- Re-organized and re-named online files to speed up workflow

Bartender

Ichiban Japanese Steakhouse

April 2024 – Current

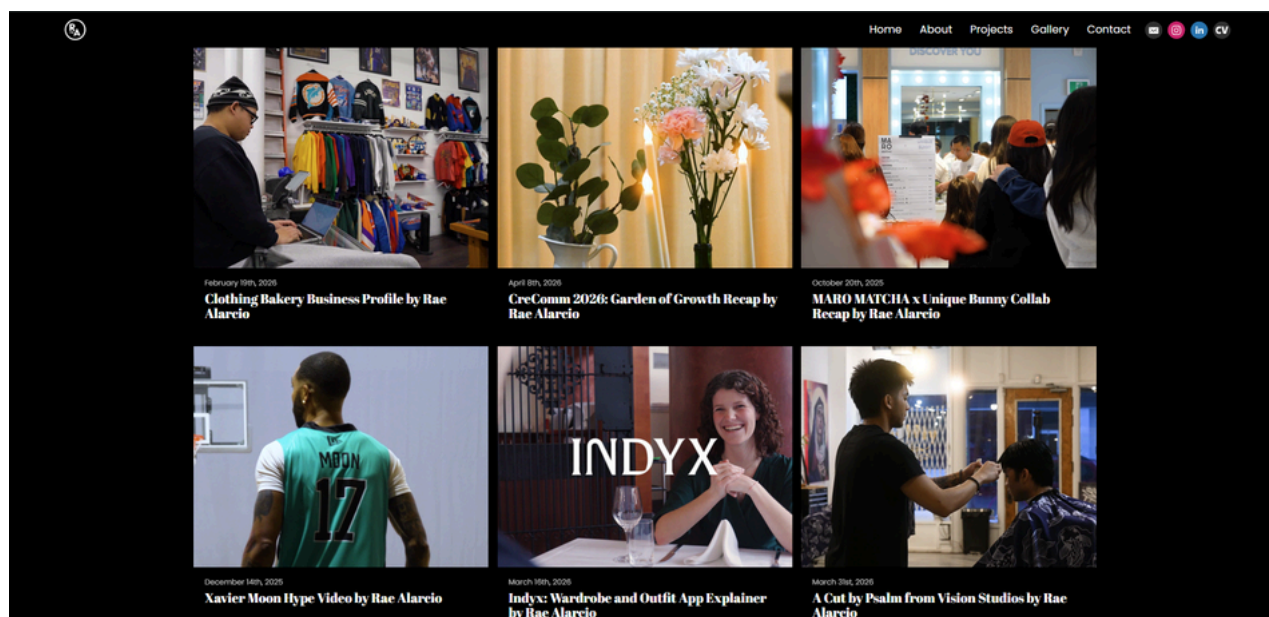

Winnipeg, Manitoba

- Displaying customer service skills to over 100+ customers per shift; welcoming customers, answering questions about food, drinks and specials, and constantly checking in on customers to ensure a positive and memorable experience.

Projects

My Digital Portfolio (linked beside my contact information at the top of the page)

- [Created By Rae](#) is my website highlighting some of my video/photo projects I've made for school, alongside other collaborative projects people have reached out to me for, and other visuals I shoot in my spare time.

Freelance Story

The Projector (RRC's Polytech's student newspaper)

March 2026

Winnipeg, Manitoba

- Alongside a partner, we brainstormed a variety of story ideas and saw an opportunity with Winnipeg's growing matcha community.
- On March 14, 2026, we attended Winnipeg's first-ever matcha competition at Artifact Alley inside of the RBC Convention Centre.
- We interviewed founders of different matcha businesses and also talked to strangers about their thoughts on the evolving matcha scene.
- I took lead on script-writing, filming supporting b-roll, and editing the whole video story together. I've attached to the link to the video [here!](#)
