Fountain Day

Nelson Atkins Museum of Art

Traveling Newlyweds

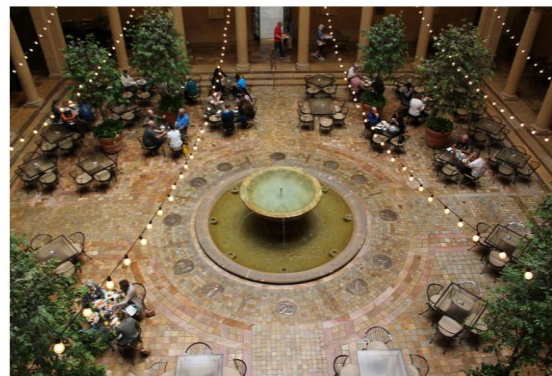

Fountain Trivia:

One of the Oldest Marble Fountains in KC Metro
Purchased in Italy in 1931 (Art Deco)
Dates back to 220 A.D. Roman Empire
Debut: 1933 Nelson Opening ~ Rozzelle Court ~

PHASE ONE

Fountain Basin Travis & Taylor's New Beginnings

Fountain Basin at Rozelle Court

Nelson-Atkins Museum of Art

The Nelson-Atkins Museum of Art arose from the instincts and ambitions of two private individuals who shared the dream of providing a public art museum for Kansas City and the surrounding region.

Just like the people that dedicated their time in providing the Nelson Atkins museum for the KC metro you both work so hard to give back to the community you live in.

Design Concept Statement & Inspiration

This luxurious, high-status closet is curated as an intimate sanctuary that merges elegance with functionality. Drawing inspiration from the playful, yet bold sophistication of the Art Deco era, while tying in the historic character of Kansas City. A refined **color** palette of deep red, crisp white, jet black, and luminous gold establishes a dramatic, yet **balanced** atmosphere. Geometric motifs with **diagonal lines** introduce timeless diamond-like **shapes** for visual **rhythm**, maintaining the playfulness of the room. High-gloss **texture** finishes throughout—including quartz countertops, porcelain tile flooring, and metallic hardware are smooth to touch, enhancing the luxurious feel. Integrated **artificial lighting** highlights the dimensionality of materials, and provides clarity for extensive wardrobe displays, while layered adjustable illumination can soften the bold color palette. Custom crown millwork and base molding provides structure with a strong **horizontal line** presence. The mahogany wood against the cold natural stone brings in **variety** while calming the boldness of the Art Deco era. Tailored storage solutions elevate daily routines into a rich experience, ensuring optimal functionality without compromising aesthetic integrity. Accented arched fountains give a subtle **curved line** to the space, this high-status closet evokes a sense of refined glamour, offering a sophisticated retreat feeling both immersive and enduring.

Inspiration

Art Modern Deco Design Style:

The style is emphasized by smooth symmetrical curves, sleek lines inspired by aerodynamics and ocean liners. It is contrasted with geometric themes like sunbursts, zigzag patterns with precision. The bold palette of muted blacks, deep reds, and neutral whites work well with gold metals. The originality of art is born into a modern elitism. Gold is present and architectural shapes such as arches, diamonds, columns, and classic vintage molding and framing are used as stylized classic features.

1919-1939

~ PHASE 2 ~

KC Fountain Trivia:

Laura Conyers Smith was a civic leader who founded the Rose Society in 1931 and created the rose garden in Loose Park.

Phrase from the 30's: "An Artist is Paid for Her Vision, not just Labor."

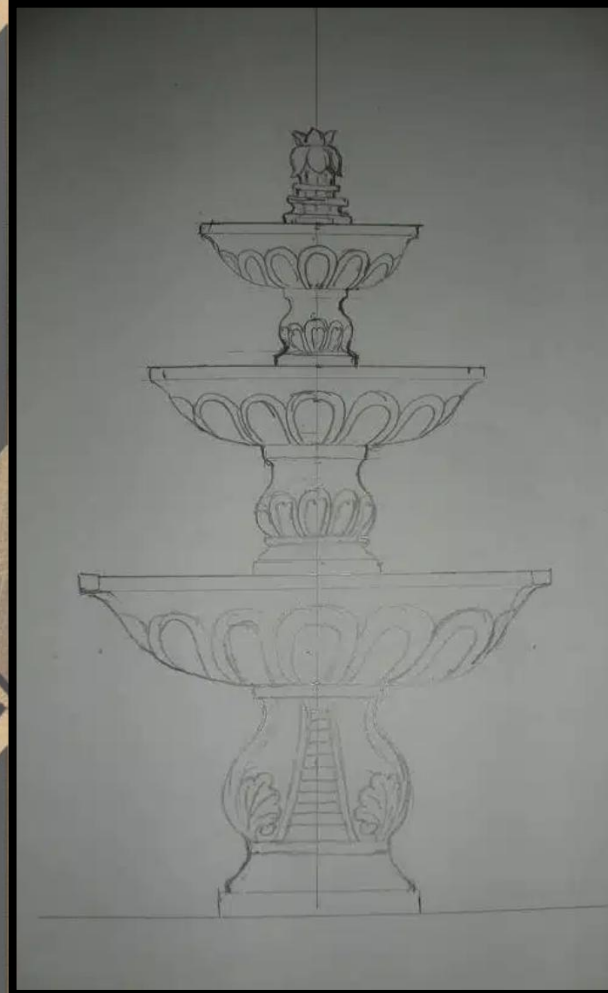

Kansas City Metro Area

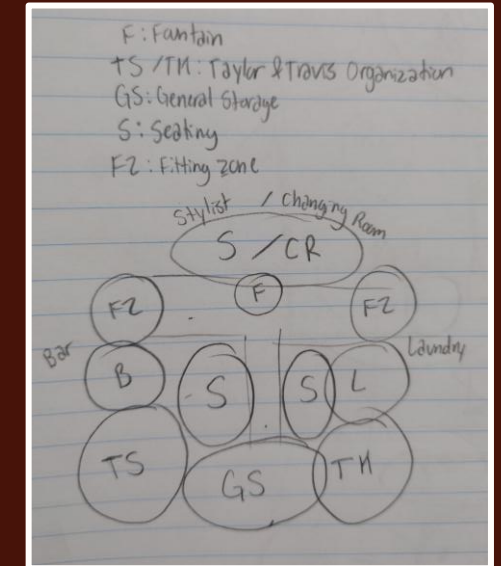

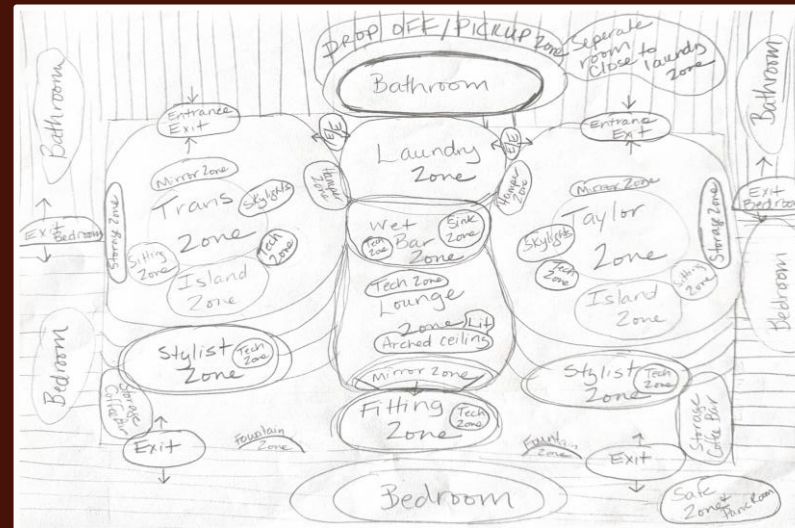

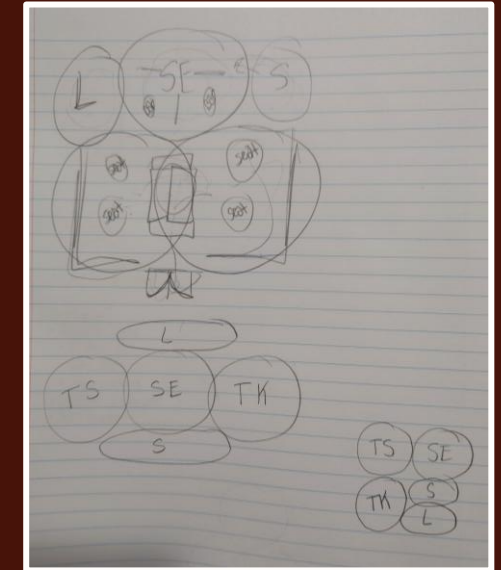

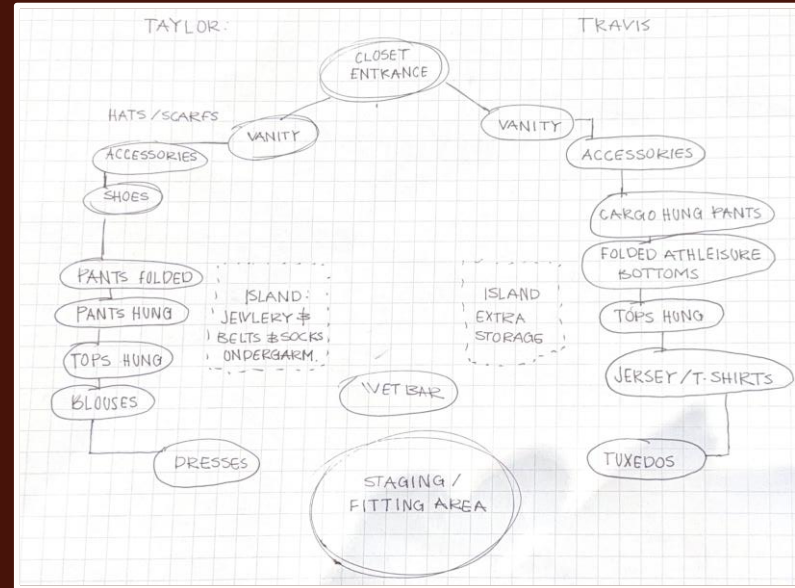

Laura Conyers Smith Fountain

The Laura Conyers Smith Rose Garden at Loose Park has contained a water feature since the 1930s. The original design for the rose garden included a small lily pool in the center of the garden, which was built and dedicated in 1936.

The Great Gatsby of Zones

KC Fountain Trivia:

The Meyer Circle Seahorse Fountain was purchased in Venice, Italy in the 1920's. Three mythological seahorses perched atop the stone pyramid.

Kansas City Metro Area:

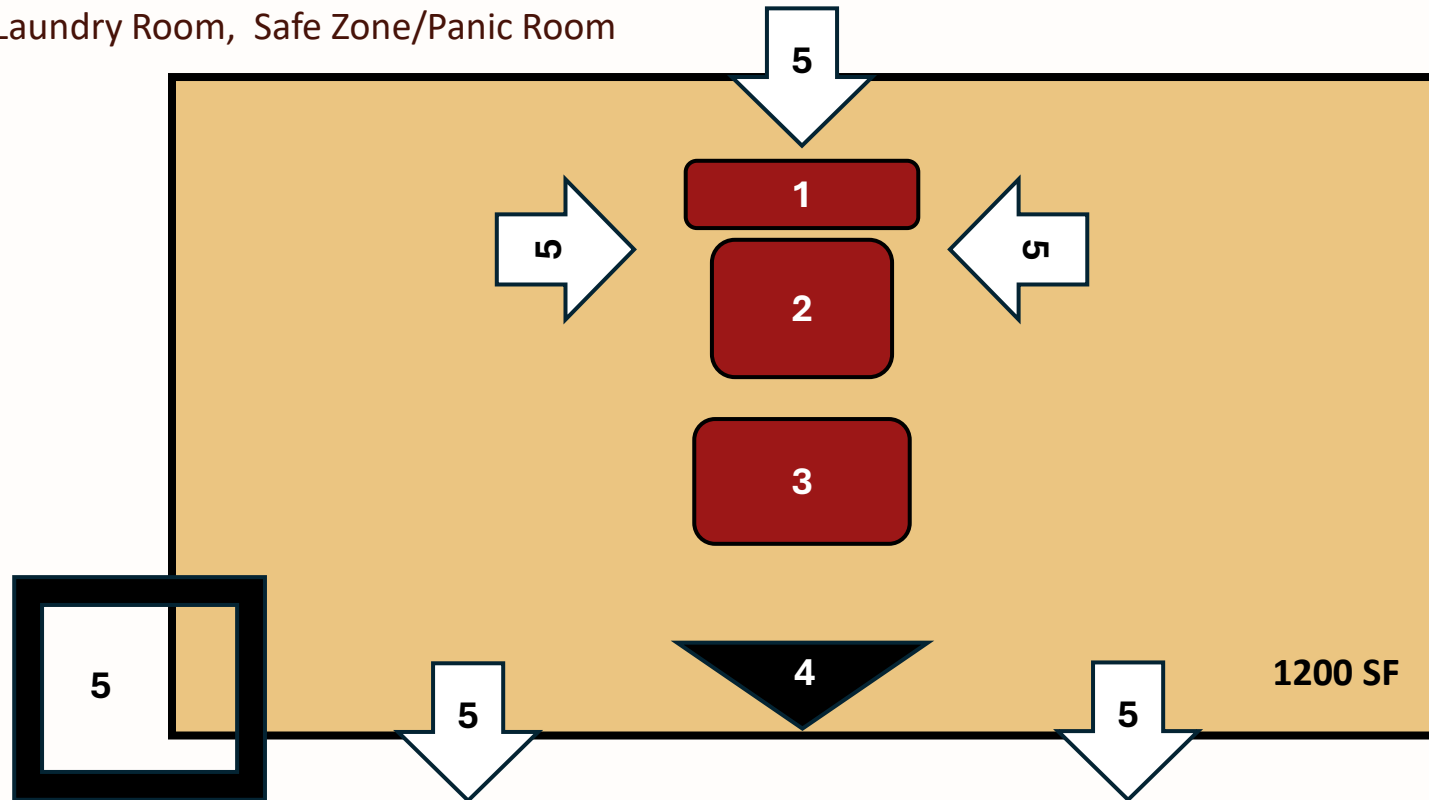

Kansas City's unique and varied water sculptures and statuary do more than give our neighborhood and public spaces vitality and a special sense of place. Each fountain commemorates and celebrates the visions, deeds, and generosity of generations of Kansas Citians who helped make so many of our collective wishes come true.
