

## Virulent Specter

### You Will Succumb... (Demo)

Black Gangrene Productions · 2017

---

Virulent Specter's debut demo injects the listener with ghastly emissions of hate and acrimonious disgust under the audial banner of spiteful Black Metal. Raw yet dense in its hypnotic viciousness, *You Will Succumb (...)* is an incantation of absolute infernal darkness, with bleak, morbid riffs painted in blood red, an enthralling rhythmic section brimming of maniacal violence and a piercing voice that erupts from the deepest depths of the uttermost hellish void.

Released in limited pro-tapes by Black Gangrene, *Virulent Specter* ascends in all its might as a seldom force of cruel Underground Black Metal.
