Lipitoare / Enshroud (2019)

Black Gangrene Productions · 2019

Two entities projecting the utmost darkness and disturbance reunite for a split release. Lipitoare deliver a trait of deranged raw Black Metal intertwined with experimental outbursts of oppressive noise and dark ambient, alongside a cast of harsh disturbing Black Metal by Enshroud, a veil of absolute gloom which enthralls the listener in a profound abyss.

Released by Black Gangrene Productions on a pro-tape edition, this split carries an aura of total desolation, a two-folded carving through the deepest void from the ultimate subterranean underground Black Metal.
