

She, Her, Daughter of an Island.

Martinique, her home.

Yet does she really feel at home ?

8 years outside of the country, what has changed ?

Her,

Him,

They,

Everything,

As locked in a jail cell, she is seen as the Mocking Jay.

Rebel, Bombshell, Infidel,

Mocking, Laughing, Judging,

Tattoo, Piercing, Alcohol,

Little Angel turning out in The Devil .

Home turning out in a Trap.

Impossible

Paradise on Earth.

Your beaches,

Your landscapes,

Your meals,

Your music,

Your everything,

Her everything.

She can't forget you.

She loves you anyway, she will come back either way.

*“ She's there, she's bleeding, then all of a sudden her brain is disoriented by why she loves you. And even though blood flows from her veins, she beats for you with an open heart.”*

She, Her, Daughter of an Island

Martinique, her home.
