END-TO-END

What We Offer

Carolina can assist you and your teams with off-list supplemental materials for TIMA funding disbursement requests. Texas Education Association (TEA) funding considerations can include Texas Essential Knowledge & Skills (TEKS) supplementals as part of your instructional materials funding allotment and are an integral part of the adoption process.

CHECK THESE OUT

Correlations and Resources

Save time and rest assured that you'll have the supplemental curricula, equipment, supplies, and resources that support TEKS.

DON'T STRESS

We'll Work for You!

Let us assist you with your science considerations.

OUR HAPPY CUSTOMERS

We've Helped Thousands Of Teachers

 **K. Wolanin**
Athens Academy

★★★★★

"Everything that I have ever used from Carolina Biological has been excellent quality, and I always think to look there first for my Science room needs."

 **J. Gale**
Fairmont Jr. High School

★★★★★

"I attended the NSTA and CAST conferences... The carolina group has been the most helpful group I have ever worked with. In the sessions and at the booths. I explained my classroom goals and ... [they]... worked with me to find items from carolina that I could use to reach my goal..."

 **K. Jones**
University Of SC At Sumter

★★★★★

"I never have a problem in getting a change made to an existing order, credit for an order not arriving, customer service is top notch. It is a very easy company to deal with."
