Dear Chris,

I would like to thank you for meeting with me this week. I appreciate the time you have spent discussing Vintage Stock's new marketing plan for the upcoming seasons quarter. Our new approach to Vintage Stock shows customers that we provide several forms of entertainment that spans from the past, present, and future. We enjoyed hearing about the ideas you presented during our meeting.

After I have had time to review my notes, the board of communications and I agree that this push will further drive our sales and transform Vintage Stock into something successful. Our new logomark, updated website, and upbeat vision will encourage customers to continue investing into our passion for providing the most up-to-date entertainment as the year unfolds.

I believe this time together that we spent will prove to be beneficial to both of us and the company. I hope that we can continue the conversation so we can both build a better understanding.

I will keep you posted as we move forward with this new strategy. I am looking forward to seeing you again soon.

Best Wishes,
