- Design Thinking

LANGUAGES

- English (Fluent)
- Chinese (Fluent)

PROFILE

Visual Communication student studying at Republic Polytechnic. I enjoy creating designs that are simple, meaningful and easy to understand. Through school projects, student leadership and volunteer work, I've gained experience in graphic design, video editing and creativity thinking. I enjoy working with others, learning new skills and turning ideas into visuals that communicate clearly. I'm looking for opportunities where I can grow as a designer and gain more experience in the creative industry.

WORK EXPERIENCE

Mr Coconut

Feb 2025 - Apr 2025

Beverage Crew

- Served customers and prepared drinks during busy periods.
- Managed customer orders and payments accurately.
- Worked closely with teammates to keep daily operations running smoothly.
