September Internal Newsletter
Together, We Begin Again

Message From Leadership

As we begin a new academic year, there is a real sense of momentum across Artemis Education. New students, new staff, and new initiatives are already shaping what promises to be a year of ambition and progress.

To every member of our schools and support teams, thank you. Your hard work, care, and commitment are what power this group forward.

We are also excited to welcome new colleagues across the group. Your energy and expertise are a valuable addition to our community, and we look forward to what we will achieve together.

Group-Wide Updates

No-Phone Policy

Our schools have introduced updated phone policies that limit mobile phone use during the school day, with a focus on fostering attention, presence, and in-person connection. The feedback from staff and students has already been positive, and we will continue to monitor and support implementation across the group.

Extended School Hours – Qatar Schools

Queens' Qatar, Northview International School, and ACS International School Doha have extended their school hours this term to enhance student learning, provide deeper engagement with specialist subjects, and create more enrichment opportunities.

CodiPlay Joins the Curriculum

CodiPlay is now fully integrated into the Artemis curriculum. The platform uses gamified, mobile-first lessons to introduce students to coding and Internet of Things concepts. This addition strengthens our commitment to delivering future-ready learning with real-world applications.

School Highlights

Queen's Qatar

The new sports centre is now open, offering world-class facilities for physical education, recreation, and wellbeing. Designed for inclusive access, it welcomes both students and families as part of our commitment to whole-community development. We also welcomed our first Year 10 cohort, marking an exciting new chapter in our secondary phase.

ACS International School Doha

We hosted an engaging Open House, welcoming families and prospective students to experience our American and IB programs. The event highlighted the school's unique mix of academic excellence and whole-child development.

The Lisbon International School

The Lisbon has officially opened its doors. Our founding cohort of students is now experiencing the Artemis vision in action, where Lisbon itself becomes part of the learning journey.

Northview International School

Northview launched its high school programme with the arrival of Grade 9. This milestone reflects the school's steady growth and continued commitment to inclusive, high-quality education.

Jebel View International School

Construction at our Oman site continues to progress on schedule. Teams are working closely across departments to ensure a strong foundation—physically and pedagogically—for the school's future.

Artemex

Summer Camps Recap – Qatar & Lisbon

Over the summer, Artemex camps delivered five weeks of active, creative experiences across Qatar and Lisbon. From swimming and gymnastics to themed activities and the arts, students engaged in a programme that encouraged exploration and fun.

Term 1 Enrolment Now Open

Artemex Term 1 opens on September 7, with a wide range of after-school programmes on offer across schools. Activities are designed to support physical development, teamwork, and self-expression.

Aquatics Programme Launch

We are thrilled to launch a dedicated aquatics programme led by World Champion and seven-time world record holder Emma Igelström. As Artemex's new Director of Aquatics and Programmes, Emma brings a clear focus on access, excellence, and wellbeing. The programme supports all abilities—from beginners to competitive swimmers—and reflects our commitment to whole-child development through movement, resilience, and purposeful growth.

Water Polo Now Available

Water polo sessions are also now live, expanding our sports offering and encouraging students to take on new challenges in and out of the pool.

Events Calendar

A number of exciting activities and events are planned this term. Plan ahead.

Looking Ahead

The year is just getting started, and there is a lot to look forward to. Thank you to all our teachers, staff, and support teams for everything you have done to ensure a strong and purposeful start. Together, we will continue to build the kind of learning environment where students thrive and where great education becomes even better.
