Dear Mrs. Gomez,

I am writing to show my great interest in the new open position for nurse practitioner. As I read about your hospital and the wide spread divisions of highly knowledgeable professionals, I have come to find that with my prior knowledge and experience I would be capable of excelling as nurse practitioner. I am inspired by the work ethic of your hospital and your goals to expand, advance, and succeed. This mindset integrates perfectly with my work ethic as well as my lifestyle.

Over the past seventeen years I have been able to expose myself to, and experience many different forms of nursing. I have done everything from emergency medical services in Metro Health to on-site medical intervention for soldiers, and health care for children and adults, as a trained military professional. I had the opportunity to learn to work efficiently in difficult situations, as well as in hospital settings. I have given shots to people in a small village where not everyone was hospitable. I had to give one hundred shots in six hours. I have had emergency patients that have had limbs missing, had a seizure, stroke, or heart attack. I have also worked as a rehabilitator for the people that had amputations, seizures, strokes, or heart attacks.

I look forward to discussing with you how I could become an asset and contributor to your company. A copy of my resume is enclosed for your reference. I can be contacted at 616-916-9007 or by email at jkkremer97@gmail.com. Thank You very much for your time and consideration.

Sincerely,

Joshua Kremer
