The Traveler Packing List

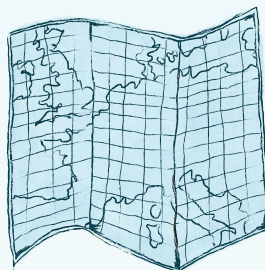

WHAT COLLETTE BRINGS TO EVERY GUIDED TOUR

At Collette, we've been creating memorable travel experiences for a long time (over 100 years, in fact). Along the way, we've learned that some things belong in your suitcase. Others belong in ours. Here's a closer look at what we take along on every tour, without fail.

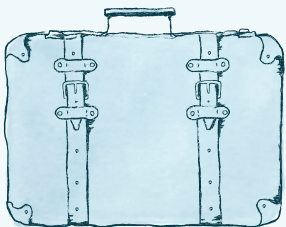

A Local's Perspective & Passion

The beaten path promises many things (crowds, lines, hurry-then-wait pacing, for example), but it doesn't offer insight from a North Korean defector, a nighttime ride in a tuk-tuk exploring Bangkok's storied streets, or fresh pasta in an Italian nonna's kitchen. Our tours are designed and led with the care and perspective that only comes from intimately knowing — and loving — a place.

Expert Planning (So You Don't Have to)

Every great itinerary depends on hundreds of small decisions. Our team is comprised of travel obsessives and locals who can't wait to show you their home. They bring their deep expertise to shaping every aspect of your tour, including transportation, scheduling, and special access. And when airfare is arranged through Collette, Private Chauffeur Service to and from the airport is also included.* It's a thoughtful approach to travel that allows you to focus on the destination, not the logistics.

An Understanding of What Matters

We believe travel should celebrate the differences that make a destination special, not ignore them. That's why we choose accommodations that reflect the style and soul of your surroundings, give you more nights in a locale, and curate many of our tours to include Impact Moments designed to uplift and protect the places we explore. That way, you can immerse in a culture instead of seeing it through a coach window.

A Commitment to Your Peace of Mind

What can compete with crossing the Drake Passage by expedition ship or savoring a picnic lunch in Tanzania's highlands during a safari game drive? Honestly, we wouldn't want anything to even try. Collette provides 24/7 global support throughout your travels, with a team ready to assist with the unexpected, so you can focus on the experience itself. And because plans can change, we offer our Travel Protection Plan, which allows you to cancel for any reason up to 24 hours before departure and receive a full refund, minus the cost of the plan.

We've shared what goes into our suitcase.
Now comes the exciting question: where will you take yours next?
