

Publishing goes beyond print. We're students striving to break ground in audio publishing by releasing an audiobook of *The Driveway Diaries* by Tim Brookes. Returning to the oral tradition, the entire audiobook is narrated by Tim, and will be published through Audible. We're doing it all—working with our author, recording and editing, creating marketing strategies, and tweeting like maniacs. Follow [@_teamaudio](#) for news on the [#drivewaydiaries](#).
