SUMMARY

Writer and editor with 6+ years of professional experience, including 4 years covering healthcare, life sciences, biotechnology, and medical research. Experienced in research, subject-matter expert interviews, reporting, and translating complex information into accurate and coherent content.

CORE EXPERTISE

Medical Writing • Healthcare & Life Sciences Writing • Editing • AI • Journalism • Research • Interviews • Feature Writing • Conference Reporting • SEO Content

EXPERIENCE

Cambridge Innovation Institute — Editorial Assistant | June 2023 – September 2026

- Reported journalistic coverage on emerging biotechnology, clinical research, diagnostics, precision medicine, and AI.
- Interviewed industry leaders, researchers, and subject-matter experts for featured articles.
- Covered major national science and healthcare conferences, reporting on new research, technologies, and industry trends.
- Researched complex scientific developments and translated technical information into comprehensive content for professional audiences.
- Produced editorial and promotional content for healthcare and life sciences podcasts.

Yakkety Yak — Junior Copywriter | June 2022 – January 2023

- Wrote medical content covering diseases, treatments, healthcare, and research for patient and general audiences.
- Researched medical topics and interviewed subject-matter experts to ensure accuracy, clarity, and accessibility.
- Copyedited medical and social content for grammar, consistency, readability, and editorial style.
- Co-developed a DE&I content guide adopted as a company-wide editorial reference.

Smithbucklin — Content Associate | August 2021 – June 2022

- Wrote and edited healthcare and financial content, including interviews, articles, newsletters, and social media.
- Researched and synthesized patient care and financial subject matters into clear written summaries and client-facing content.
- Used Google Analytics and SEO research to evaluate and improve digital content performance.

Write My Wrongs — Editor | January-May 2020

- Edited manuscripts for clarity, structure, grammar, voice, and adherence to MLA, APA, and Chicago styles.

EDUCATION

Master of Fine Arts in Creative Writing — Northwestern University
