

We see success.

Success with peers MCDS students are **interested** in learning, **involved** in what's going on in the classroom, and **inspired** to take on new challenges. MCDS students know they belong and matter in their community and are **advocates** for themselves and others.

Success academically The emphasis is on the **thinking process**—not just the answer—and a greater depth of analysis. **Dedicated and involved faculty** ensure your child gets the attention needed to foster their growth.

Success in college and beyond Fostering critical thinking skills allows MCDS to boast the **highest ACT composite scores** in the area. Additionally, MCDS graduates find success in **colleges across the globe**—see full list at www.madisoncountryday.org.
