12
13 Woman You're telling me...But I can't afford keeping a car in the city.
14
15 Man Listen, you don't need a car or the train anymore.
16
17 Woman The bus is just as bad.
18
19 Man (*Understands*) No, I don't mean public transportation. What you
20 need is a bike, a bike from Village Cycle Center: The Bike
21 Experts.
22
23 Woman (*Skeptic*) I never thought about that.
24
25 Man They have a wide variety of bike styles and prices and free
26 accessories. I got my 2008 model for 30% off. I got to say, it's
27 been a great investment.
28
29 Woman Wow, that actually sounds like a good idea.
