WINTER INSTRUCTORS

We believe in being at the top of our game. That's why the Adaptive Sports Center hires professional instructors dedicated to providing the best adaptive instruction available. They all have extensive training in adaptive recreation and most have certifications from professional organizations including PSIA (Professional Ski Instructors of America), AASI (American Association of Snowboard Instructors) and BICP (Bike Instructor Certification Program). Whether you're skiing the slopes of Crested Butte Mountain Resort or paddling the calm water of Lake Irwin, you'll be guided by a true professional.
