### Swoop, Swerve, and Hover to Repeat the Colors

The Simon Air game is a twist on the popular Simon game, the classic fast-action game where players need to watch, remember, and repeat patterns. Touch-free technology is used in this edition of the game in which the game unit recognizes when a player follows the color sequence by sensing their motions! A fun table-top game, the Simon Air game features modes for both solo and 2-player play. So Swoop, Swerve, and Hover to repeat the colors and follow the moves to win!

### 3 Modes of Play

There are three modes of play in the Simon Air game: Classic, Solo, and 2-Player. In Solo play, a player tries to beat their high score. In Classic play, it is a simple game of single lights only -- a fun way to play for beginners. Grab a friend for 2-Player mode and work together to complete the light sequences! The 2-Player game plays like the Solo game, with additional moves added: Quads and Holds. No matter how it's played, the Simon Air game can be lots of fun!

### Know the Moves to Win

Want to beat the Simon Air game? You need to know the moves. This edition introduces the moves Swoop and Hover. Are there 2 lights lit? That's a Double. Hover a hand near each of the lights at the same time. Now are there 2 or 3 lights lit? It's time to Swoop! Players can have lots of fun as they beat the moves to win!

Make Monopoly Cheaters Edition board game a favorite go-to game for game nights and other fun get-togethers. Lean into those iconic (yet unspoken) Monopoly moments in which rules are bent, money is borrowed, and funny business is welcomed. Fake a die roll, steal some bills from the bank, and even skip out on rent. Complete a cheat to get a reward, but fail a cheat and pay the consequences! No houses in this edition – only hotels. The pretend handcuff unit that may leave players “chained” to the board is a really fun addition to the game. **Break the Rules**

Make this wildly different Monopoly game a favorite go-to game for game nights and other fun get-togethers. Lean into those iconic (yet unspoken) Monopoly moments in which rules are bent, money is borrowed, and funny business is welcomed. The outlandish suggestions on the board, cards, and rules encourage players to express their inner cheater to own it all while they buy, sell, dream, and scheme. Fake a die roll, steal some bills from the bank, and even skip out on rent. Complete a cheat to get a reward, but fail a cheat and pay the consequences! No houses in this edition – only hotels – and a pretend handcuff unit may leave players 'chained' to the board.

**It's All in the Cards**

Cheat cards and updated sneaky Chance and Community Chest cards tell players when and how to cheat. A player might have to try to steal money from an opponent, skip out on rent, collect extra money when passing go, and other sly swindles. If the cheater succeeds, they get a reward. But if they get caught, say hello to handcuffs and Jail.

**Cheat to Get Ahead and Win**

In the Monopoly Game: Cheaters Edition, players still move around the board buying as many properties as they can. The more they own, the more rent they can collect, just like in the regular Monopoly game. But now, cheating to get ahead is welcomed and rewarded. The player with the most money at the end of the game wins!

- Follow, bend, or break the rules to win in this edition of the Monopoly game.
- Cheat cards name the cheats and players try to get away with as many cheats as possible.
- Plastic handcuff unit 'chains' cheating players to Jail space.
