

FASTER, SMARTER DECISIONS

ARE YOU GETTING THE MOST FROM YOUR DATA?

Today's healthcare challenges require more than just reporting. With an intelligent analytics platform, you can make faster, smarter decisions.

Healthcare data is growing

48%

per year compared to 40% per year for overall digital universe¹

Growing volume of data

Approximately

80%

of data is unstructured¹

Unstructured data

Up to

80%

of time is spent managing data versus analyzing it²

Time and resources

Healthcare big data generates

\$300B

in untapped efficiency and quality value every year³

Operational inefficiencies

TOP 5 REASONS TO INVEST IN ANALYTICS

- 1. Enhance member engagement and experience**
- 2. Lower costs and improve affordability**
- 3. Reduce operating costs and inefficiencies**
- 4. Improve client satisfaction and retention**
- 5. Increase financial profitability and revenue growth opportunities**

We exist to improve the health of the patients, members and communities we serve. As healthcare becomes more complex, having unified reporting and analytics tools becomes increasingly important to our work to care for those we serve.

– Soyal Momin
VP of Data and Analytics
Presbyterian Healthcare Services

THE MEDEANALYTICS DIFFERENCE

It's not about the data. It's what you do with it.

MedeAnalytics rapidly orchestrates all your data sources into our cloud-based analytics platform and delivers that information to you to help you make even smarter decisions.

SPEED TO INSIGHT

Quickly generate actionable insights with self-service analytics for healthcare.

INTELLIGENT PLATFORM

Leverage predictive analytics, guided analysis and benchmarking – all native to our innovative platform.

HEALTHCARE EXPERTISE

Address business issues that matter to you with analytics solutions built by healthcare for healthcare.

1500+

Providers and health plans served

600TB

Data volume

3B+

Unique encounters

600M+

Covered lives

FAST RESULTS

IMPROVE EFFICIENCY

50-80%

less time running reports and answering questions

GROW REVENUE

25%

increase in value-based contracts

REDUCE COSTS

95%

reduction in outsourcing costs for quality reporting

*Results may vary.

DON'T TAKE OUR WORD FOR IT

Total pharma costs were reduced by 20%, and overall PMPM costs were reduced by an average of over 10%, equating to over \$2M less in medical/pharma costs than the previous year.

– Becky Williams, RN
Care Coordination Manager
St. Joseph Hospital (Employee Health Plan)
