## Forward Solutions

Your shipment is important. That's why FedEx Trade Networks delivers reliable and unparalleled service to the freight forwarding sector, with end-to-end solutions or individual services to meet your specific needs.

- Full-service inbound and outbound air and ocean freight forwarding, including value-added services, such as customs brokerage, surface transportation, distribution, warehousing and more.

## Air Freight Forwarding

Parts to move this week? We've got dynamic international air solutions to match your time and budget requirements.

- Standard Air Service provides 3-5 business day transit times from airport-to-airport with fixed flight schedules.
- Premium Air Service delivers faster transit times of 1-3 business days from airport-to-airport with flexible flight schedules.
- FedEx® International DirectDistribution Air Solutions allows for 3-10 business days door-to door. It provides speed-to-market, bypassing your distribution center with consolidation and door-to-door or airport-to-door service to multiple destinations.

## Ocean Freight Forwarding

Want an ocean solution that fits your supply chain? We have three ocean choices to meet your unique needs.

- FedEx International Direct Economy Ocean<sup>SM</sup> offers you a wide range of flexible full-container load (FCL) and less-than-container load (LCL) services between major trade lanes worldwide.
- FedEx International Direct Priority Ocean<sup>SM</sup> provides reliable ocean delivery services to a choice of North American destinations from Asia and Europe, including premier FCL and LCL forwarding, U.S. customs brokerage, final delivery and online visibility.
- FedEx® International DirectDistribution Ocean Solutions replaces the maze of multiple distribution channels with a single, fast moving solution, optimizing your supply chain, increasing speed-to-market and reducing your cost.

## Surface Transportation & Distribution

Need options from the port or airport to your door? We offer multi-modal surface transportation, distribution and warehousing.\*

- Less-than-truckload (LTL)
- Full-truckload (FTL)
- Rail with the option of LCL or FCL
- Trans-loading and cross-docking
- Full carton and full skid distribution
- Container devanning and subsorting
- Re-packaging, labeling and light assembly
- Order fulfillment and stock replenishment
- Export consolidations
- Short-term storage
- Additional services depending on location

## Customs Brokerage

FedEx Trade Networks offers cost-effective solutions that keep you in compliance and your shipments in transit.

- Comprehensive North American customs brokerage
- Variety of clearance services to speed you through customs
- Dependable, efficient customer service
- Customs brokerage coordination around the globe

\*Warehouse services vary by location. Other options include cargo insurance arrangement, documentation and special considerations for over-dimensional content, heavyweight and liquid bulk shipments.

## Forward Visibility

Making informed, real-time decisions can benefit your business, which is why we offer technological tools for maximum shipment transparency.

- My Global Trade Data allows you to track shipment status, generate reports, create NAFTA forms and access our warehouse system to view and manage shipments and inventory.
- Global Order Logistics provides you with real-time access to Purchase Order (PO) and SKU level information concerning your orders.
- WorldTariff® is the premier source for online access to duty and tax details for over 175 customs areas. You'll spend less time searching for up-to-date information and more time analyzing your options.

## Trade & Customs Advisory Services

Optimize your supply chains. Capitalize on global opportunities. Our industry experts can help with:

- Import and export compliance
- Security initiatives, e.g. Authorised Economic Operator (EU), Customs-Trade Partnership Against Terrorism (U.S.) and Partners in Protection (CA)
- Harmonized Tariff Schedule (HTS) classification projects
- Compliance and test audits
- Training on international trade issues
