

# Moving freight forward

Simplify your supply chain by connecting your business, your suppliers and your customers in the most efficient way possible. **Now that's freight forward.**

**FedEx Trade Networks** offers a portfolio of international freight forwarding solutions to match your time and budget. By air or ocean — maximize flexibility and efficiency, while minimizing costs with reliable, end-to-end services and support.

## Why it's for you

Global trade comes with a lot of moving parts, including fluctuating supply chain requirements. With FedEx Trade Networks you get solutions driven by your business needs—with the right blend of services, transportation modes and technology to keep your freight moving forward.

## How it helps you

You can utilize our services as part of a total end-to-end solution, or take advantage of individual services to meet specific needs. We offer a seamless experience with services such as ocean and international air freight forwarding, customs brokerage, distribution and warehousing, compliance and regulatory assistance and security.
