As a Digital Track Journalism major and Crime, Law & Deviance minor student at the University of Central Florida, I am doing everything I can to prepare myself for graduation at the end of next spring. I am eager to get into a newsroom and launch my professional career as a journalist. In both classroom and work settings, I have been striving to gain the reputation as a motivated and dedicated young journalist with a passion for real and authentic stories. I have strong interest in photojournalism and multimedia journalism, yet I will always be keen to perfect my AP style and writing skills. I am excited for my future and for the possibility of learning opportunities.
