

What we do

Rent for home & apartments

Whether you need to furnish a single-family home, guest suite, or need furnished apartments for your residents, our easy, eco-friendly rental model gives customers the freedom to experiment with trends and find their perfect style.

Commercial services

From a new work-from-home setup to a temporary office relocation, to a full-scale corporate move, we can handle all your business's furniture needs with flexible leases and hassle-free setup. Plus, we provide free professional space planning.

Home staging

Whether you're putting together an entire home or designing a few key rooms to lure buyers, we have the furniture and décor to help close the sale in style.

Temporary assignment

Moving or relocating, but unsure if your new place is your final destination? Furniture rental is the perfect way to outfit your home with everything you need while you figure out where your forever home is.

What we provide

Data-driven technology

For over 40 years, we've been turning the impossible into "done" for thousands of customers. Brook's stress-free, technology-driven rental model prioritizes reliability, responsiveness, and satisfaction every step of the way.

- **Track My Truck:** Stay informed on your delivery order 24/7 and follow along via custom notifications, updated ETAs, and real-time status alerts.
- **Online Portal:** Self-service ordering capabilities with a personalized login, custom furniture package solutions, and real-time inventory availability.
- **Full Integration:** Open API solutions that allow you to connect your company's system directly to Brook's, so you can order furniture within your system instead of using separate platforms.
- **Custom Landing Pages:** Co-branded landing pages so your customers know who to trust for quality furniture rental.
- **User-Friendly Website:** Customers can order with real-time availability and self-directed delivery. Rent by item or by room, or take advantage of our Fast Path™ complete rental solutions.
