TECHNOLOGY + HUMANITY

Design innovation inspired by our fixation with technology. As technology advances, the relationship between humans and machines is blurred more than ever. The reality is artificial assistance.

A. Lumos Rechargeable Light Up Fitness Belt
#1631-65

With three light functionalities, users can select the ideal illumination setting while out at night. This fitness belt is available in three classic colors and includes a charging cable.

SOCIAL & ENVIRONMENTAL IMPACT

Choose products that make a difference! Those that are eco-friendly, support a cause, give back, and reduce single-use waste make a real impact on the world.

PRODUCTS THAT MAKE A DIFFERENCE

1% for the Planet

A global organization bringing together the “dollars and doers” to help protect the environment. One-percent of product sales funds high-impact environmental nonprofit partners and projects.

MiiR®

Through the Product to Project™ movement, each item sold contains a Gift Code™ to connect you with a project and community in need.

Xactly

Supply safe and clean water to those in need with intuitive and premium products! Xactly strives to act and improve communities with its social goodness mission.

A. MiiR® Coffee Canister - 12 Oz. #100469-104

Lock in flavor and make an impact with this sleek coffee canister! Its accordion-style seal helps keep oxygen out, so you can enjoy a fresh and flavorful brew every time!
