FREE! Maintenance Guides

TAKE BETTER CARE OF YOUR BMW OR MINI. In the 1990s, BMW began offering 'free covered maintenance' during the warranty period with every new car purchased or leased. To offset the cost of this program, they extended the intervals between recommended services. While free maintenance is great for new car buyers, we don't think it's in the best interest of the vehicles. So Bavarian Otto created maintenance schedules with more reasonable service intervals designed to take better care of the vehicle so they perform better and last longer. You can download the schedule for your year and model at blog.BAVauto.com/go/maintenance.

Come to Show & Shine 2017

Show & Shine is Bavarian Autosport's biennial Customer Appreciation and Charity Fundraising Day. What started out as a handful of local enthusiasts getting together in our parking lot has developed into one of the largest one-day BMW/MINI gatherings in North America, with more than 300 cars on the premises and another hundred or two lining the streets. Oh, and did we mention it's free? For zero dollars you can:

- Show off your BMW or MINI and share knowledge and ideas with other enthusiasts.
- Check out a vast array of BMWs and MINIs, from 100% stock to highly modified.
- Ask questions of representatives from companies such as KONI, Brembo, Hella and more.
- Enter our free raffle to win one of dozens of great prizes. (If you want, you can buy tickets in our fundraising Charity Raffle – see the last page of this flyer. We'll also be selling Show & Shine 2017 t-shirts and beer glasses, with all proceeds going to charity.)
- Get free coffee, free donuts and a free BBQ lunch.
- Enjoy special, *Today Only!* discounts in our showroom.
