When a person is drowning at sea, every second counts. It's a race against time to get them back to safety before it's too late. The same is true when it comes to disaster recovery for businesses.

Dell EMC VxRail and VMware Cloud Disaster Recovery - the lifesavers that can rescue your business from the brink of disaster 

Dell EMC VxRail is the ultimate hyper-converged infrastructure solution, capable of efficiently handling even the most demanding workloads. By integrating compute, storage, and networking into a single system, it provides reliability and scalability that keeps your business afloat when disaster strikes.

Just like a lifesaver using a buoy to keep someone afloat, VMware Cloud Disaster Recovery is a cloud-based solution that replicates virtual machines to a secure secondary site in the cloud. It ensures critical applications are always available, offering cost-effective and scalable protection against outages.

Together, [Dell EMC VxRail](#) and [VMware Cloud Disaster Recovery](#) are the life savers your business needs to stay afloat. VxRail keeps your infrastructure always available, while VMware Cloud Disaster Recovery provides a reliable and scalable disaster recovery solution.

Tiny Houses: Small on Space, Big on Sustainability 🌱 That's what we are about.

Curious City 2 explores and uncovers the lesser-known facts around Singapore!

In this episode, the hosts visited our factory to learn what materials are used to construct the Tiny Houses. Then, they traveled to Lazarus Island to explore the five Tiny Houses with different interior decor. Made from nothing else but eco-friendly, recycled raw materials, Tiny Houses stands as a sky-high testament to our love for

Mother Earth. It takes less than 3 hours 🕒 to build this comfortable and stylish living experience.

Underneath this Big heart and New soul, Tiny House is a modern glamping sanctuary 🏡. It's upgraded with unique features like a compost machine, a BBQ pit, and many more (depending on the Tiny House interior decor concept) - making it the epitome

of fun and functionality!

Catch us on Mewatch now, or watch on Channel 8 tonight at 8 p.m. 📺
