A word to the wise:

What is a
Ghostwriter?

A *Ghostwriter* is a professional writer who is paid well for their knowledge as well as their ability to spin words!

A ghostwriter can write just about anything, which is officially credited to another person.

In many cases, celebrities or public figures do not have the time, discipline, or writing skills to write and research a several-hundred page autobiography or "how-to" book.

I am a ghostwriter.

I have been writing since I was a child. I received my first writing award when I was eight years old. Ever since then I have been perfecting my craft.

In April 2007 I started my own company:

“The Book Doctor Is Always Ready...For Your Words!”

So far I've had a few clients and they seem pleased with my services.

“Alecia Goodlow-Young, Girl, when God shows up He shows out. I had been praying for a great writer/editor. You’re creative and you’re all that! I know we will have future dealings. God bless you and your family. Keep your head up, cause that’s where we are going-straight up. Love, Sonya”

Those words were written by my client Sonya Taylor author of Finding Platinum:
A Magic City Memoir.

Have you ever wanted to write any kind of book?

An Autobiography

A Cookbook

A Family Tree

Book of a Poetry

A How To Manual

If you said yes to any of these
questions...

Maybe you need a Ghostwriter!
