

TAMAR

A full, date-infused line of natural products inspired by ancient Mediterranean traditions.

With a mission to blend ancient Mediterranean life and modern personal care, Tamar features natural ingredients from Israel's Negev desert, most notably date extract. Dates are one of the ancient seven species of the land of Israel and are rich in calcium, iron and vitamins A and B. The Middle East has a rich history of extracting its local resources for beautifying ingredients. The Tamar brand was born out of a tradition of creating high-quality formulas with natural ingredients for more than 50 years by its parent company, S. Schwartz.

① Face Treatment Oil

Containing a natural blend of jojoba, olive oil, almond oil and enriched with date extracts, this facial oil is meant to make skin softer and smoother.
