

Who is goodbrands?

goodbrands is the official cannabis of good times and natural living.

We grow the best varieties under the sun using sustainable practices, fair wages, and no pesticides.

Key Selling Points

- We are the #10 flower pre-roll in the state of CA (out of 172 brands)*
- All goodbrands' flower is grown in our state-of-the-art mixed-light greenhouse. By using supplemental lighting, we're able to cultivate our harvests year-round for a consistent supply.
- We use a hydroponic smart watering system to reduce evaporation and water loss. Our drip irrigation and coco coir also help reduce water waste and runoff.
- We utilize an integrated pest management system, nutrient-rich growing media, and all-natural, non-pesticide practices—guaranteeing our flower is clean and rich in terpenes.
- We offer a consistent supply of popular and high THC strains like Wedding Cake, GMO, Meat Breath, etc., at an affordable price.
- All goodbrands product classifications are easily distinguishable by the box's color, so you and your customers can grab what you need in a flash.

Frequently Asked Questions

Is there shake in my pre-roll?

Pre-rolls consist of pre-ground whole flower only.

Where do I look for the strain?

All goodbrands products have the strain listed on the COA sticker along with the THC percentage.

What is kief & how much comes in the power pre-roll?

Kief refers to the tiny, sticky crystals or resin glands on the flower that contain terpenes and cannabinoids. We add 10% of kief to our power pre-roll to pack an extra punch.
