

About Us

STARLIGHTEXPRESS International is a dependable, stable, and innovative company offering global logistics service. Founded on November 11, 2011 our company has been serving clients and rendering services may it be goods transferred through sea or air. Our company will keep your business moving by providing international freight forwarding solutions, effective techniques, integrated logistics services that are cost-effective, supply chain solutions and much more.

As our cargo business continues to expand its reach through the years, so does our reputation. As one of the world's major players in the cargo logistics market we are known for our efficiency and reliability, offering secure and convenient connections through our domestic and international hubs.

We provide an excellent quality of service delivered by an experienced and dedicated team whose sole purpose is to give provide the needs and services for our clients and by staying committed to the clients and companies that we are serving, making **STARLIGHTEXPRESS** the logistics service provider of choice for top brands in a broad range of industries.

What We Offer

Why choose us to be your next logistics partner? Our solutions-based approach to providing logistics services will enable you to increase efficiency in your business, expand exports, reduce costs and increase profitability. The solution we provide will be tailored to your needs with reliability and flexibility at the core of the service. We do this by adapting our systems and personnel to ensure that you get a high-quality, specialised solution that meets your specific requirements and needs.

Our approach is to visit your place of operations to get a comprehensive understanding and background of your needs. This allows us to create a customised solution that delivers on your expectations. In addition, we have the experienced personnel and infrastructure in place to ensure that we exceed your expectations. This includes state-of-the-art technology and cutting-edge logistics processes.

Our expert team, technology, partner network, vehicles, and transportation equipment also help us stay ahead of our competition accompanied with the assigned employees to cater to the needs and keep control of each transaction.

We have years of experience in the business of logistics, warehousing, distribution, trucking and supply chain management services, and aim to provide our clients with convenience, reliability and affordability through our premium logistic services with the best we can.
