

# IT'S TIME...

Last year, your customers turned to you to make it happen. Whether they were building an indoor-outdoor sanctuary or creating a restaurant in a parking lot, you led the way. Now it's your time. It's your season. To reunite with colleagues. Perfect new skills. Fire up new business strategies. To up your game. From state-of-the-art barbecues and roaring fire pits to marketing seminars that will ignite your profitability, North America's largest hearth, patio and barbecue showcase is where you'll get everything you need to make the most of this moment in history. It's time to return to the industry's premier event.
