

UNRAVEL THE MARVEL

Nature always has a place, free from the fuss of our incompetent behaviour. We just have to find one and have the instinctive vision.

This Singapur will not need the physical copy of your **passport**, but may need the wanderlust column checked on your mind's **visa**.

If you think your life needs to be back in **Rhythm &** a little away from the society, then this is the definite spot

to put at the top of your **Leisure** activities.

It's just not a bungalow with garden, barbeque, camping and pool but also has a surrounding of the **viridescent** lakes. The greenish trails on the peaks and a slow drizzle from the top making it visible like you don't want to leave the **contemplating** soon. At this place, you'll realize that, the sounds and the power of **pounding water** are only aspects of a **waterfall of content** that you're missing out on.

The vividest circumstances pop out in front of you when you align yourself towards the frequency of nature.

Such conditions will definitely **unravel** if you visit this place and embrace this **marvel**.

The **winters** in Singapur has a shivery below **10** degrees temperature to tackle the warmth of a **bonfire** night that you'll be **storytelling** to your friends when you escape from it.

We have created a social impact of this place on the nature lovers through the provision of **Private lakes** and

Waterfalls with a **mesmerizing** view!

The **greenish** bottom, **cloudy** top & a happy appeasing **vibe** of tranquillity making your experience an **unforgettable** time loop.

The **path** you choose will always lead to a different hill, tree and lake & wake you up from the **pondering** of the reality!
It may seem daunting & unclear at first but at the end you will know how the thirst will outburst making it a rather convincing exemplification.

This is how the picturesque view of our villa looks like. One last thing, there are a lot of places like Malshej ghat & Naneghat you will visit during your stay. So with a lot of places, there'll be enough activities that you can indulge in. Check out the website (<http://www.gautamvilla.in>) and make your weekend worthwhile.

A 'Glass half full' or 'Glass half empty' doesn't matter, it's the intuition to see everything in an **exemplary** manner. So get ready to be petrified in this **Amazonian hideout** and don't forget to bring your loved ones.
