Send Date: Friday, Jan 20, 2023

Send Time: 9 a.m. ET / 8 a.m. CT

Audience: Enplug Users

Goal: Inform [Company] Customers of the new Power BI App Launch

[Company's] Enplug Power BI App Launch

Created based on popular demand from our customer's, we are excited to announce the launch of the **Power BI** app!

[Company's] Power BI app has **better privacy options** for our users.

With the Power BI app, you can display your Public and Private reports from your connected account on your Enplug-connected screen. Better yet, there are **no upgrades or downloads required** to order and use the Power BI app.

Simply Log into Enplug and search for Power BI in your Apps dropdown!

Here's what you need to know about using the Power BI app in Enplug:

- Both Public reports (reports published to Web) and Private reports (reports visible when logged into your Power BI account) can be displayed
- Office 365 multi-factor authentication is supported so you can keep your accounts protected
