## WHAT'S THE TEA OF YOUR DREAMS?

Forty years ago, John Harney began blending his own teas in his basement with the dream of bringing the finest quality tea to people everywhere. Today, Harney & Sons tea is enjoyed in homes, cafes, and restaurants on every continent in the world. So in celebration of four decades of masterful tea blending, for a limited time only we invite you to make your own tea dream a reality by creating a custom blend—no basement required.

CELEBRATING

4 

YEARS

In 1983, John Harney began crafting his first distinctive tea blends in his home basement with the help of his two sons, Mike and Paul. Now, in honor of our 40th anniversary, it's your chance to create the tea of your dreams. For a limited time only, create and order your own signature blend.

### How It Works

#### 1. Pick Your Base

Start by picking the tea for your blend, whether it's an earthy matcha, light oolong, or rich Assam. Feeling bold? Try choosing more than one!

#### 2. Choose Your Ingredients

Next, it's time to mix things up. Try adding dried orange peel for a citrusy zing, a touch of pepper for a spicy kick, or some cacao powder for a chocolatey finish.

#### 3. Make It a Reality!

Ready to taste your masterpiece? We'll blend it with the highest quality ingredients and ship it straight to you. You can also share your blends with us on social media using #mydreamtea!
