

## **Weapon Right VS Gun control**

**INT. HOUSE . MORNING**

**Sara is sitting at the breakfast table with her Dad. She is very consulting with him.**

**SARA:**

For what reason would you say you are demanding for the weapon right? That you better know about it has turned into a genuine downside for our nation.

**Father:**

That is the reason I bolster the weapon right. Since I realize it has turned into a noteworthy issue.

We can higher self-preservation in view of keeping a weapon with us. It's the privilege of people to require the firearm with them for self-preservation.

**SARA:**

In any case, in the event that the general population abuses their right, at that point it ought to make a move against this right.

**Father:**

No, no the law could be stricter and better to abstain from abusing.

Be that as it may, we have not appropriate to deny the general population for their basic right.

**SARA:**

Never, I can't acknowledge as valid with you, why not you see, that you higher information a considerable lot of us have been slaughtered.

**Father:**

That is the reason I demand concerning the weapon right it could be the higher wellbeing for us.

**SARA:**

I don't assume in this manner it couldn't be ok for previously;

Just about 12000 people were murdered in firearm episodes and 24000 people were rankled.

1.4 million guns demise happened.

**Father:**

I know better concerning murdering episodes, still, am constraining until right now because of the threat has been raised. It's turned into we got the chance to take a firearm with us for security reason.

Envision; on the off chance that the shooter went to our home now, at that point in the event that we have the firearm we can spare ourselves.

**SARA:**

That is the point; see distinctive viewpoint the image, on the off chance that no one has a firearm, at that point nobody may assault our home, and after that, we tend to may higher safe.

**Father:**

No, I didn't persuade. I can't concur with you.

**Sara's voice was a ton of noisy, she almost yelling;**

Be that as it may, you must concur, it's off-base.

**Father:**

I don't assume, in this way.

**Sara leaves the table, pummel the entryway and head outside.**
