Good Afternoon,

I hope your day is going well.

Attached for your review, feedback, and approval is a sitemap of our proposed navigation strategy and content structure for your new Deck-Top website.

This document represents the tabs with their drop-down menus, as well as the flow of content within the webpages. As the first step in the process of web development, this sitemap acts as a diagram and planning tool used for documenting the hierarchical list of pages on your website that will be accessible to users. It in no way reflects the final, professional branding and design, or experience. Please feel free to edit any verbiage, or arrangement of content.

Next Steps: Upon receipt of your approval, we will continue the design process by moving forward to the Deck-Top website interface which will demonstrate our proposed branding. If there are revisions to this sitemap, you will receive a new sitemap proof as per your instructions.

If you have any questions, please feel free to contact me.

Thank you,

Renee
