Thank you Richard. Madison and I have enjoyed working with DLB, especially Renee!

We are currently in the final phases of our budgeting process for next fiscal year, and will get back to you upon consultation with Mr. Guzman and the rest of Senior Leadership.

Thank you, as always, for your responsiveness and great communication!

Elvin,

Good afternoon!

It's been exciting to see the great collaboration between your BAYS Florida team and Digital Lightbridge staff. Over the past 13 months, together we have successfully completed several, important initiatives under the Maintenance & Development Retainer.

Attached for your review and approval is an estimate to continue the retainer program, which includes hosting and technical support. This weekend, we significantly upgraded our web servers in terms of security, speed, and storage.

I look forward to the opportunity to see you soon. I'd love to have you visit Digital Lightbridge. Last month, we moved into a new, custom designed office-space to better facilitate our digital marketing development services. Please let me know if you have any questions, thank you.
