

IT MANAGERS

YOU SAY "REUSE" BEATS "REPLACE"

SO DO WE.

Are you wasting resources—time, purchasing, training—because of broken, degraded, or simply out-of-date mounting equipment?

GCTX products are future proof. Their modularity makes upgrading to new technology easy; just swap out a bracket. They're manufactured to the highest standards, and guaranteed defect-free for five years, to outlast several generations of IT and medical devices.

IT MANAGERS

YOU THRIVE ON BEST-OF-BREED TECHNOLOGIES.

SO DO WE.

Why use generic-purpose mounting equipment to meet your exacting specifications?

The modular and interchangeable GCTX platform supports IT and medical devices for virtually every application your facility offers. Chances are we already built exactly the (easily upgraded) components you need. If not, we'll work with you to design them.

IT MANAGERS

YOU BUILD SUCCESS ON BEST PRACTICES.

SO DO WE.

Does your expertise lie in physically integrating technology into healthcare workspaces? Sure does.

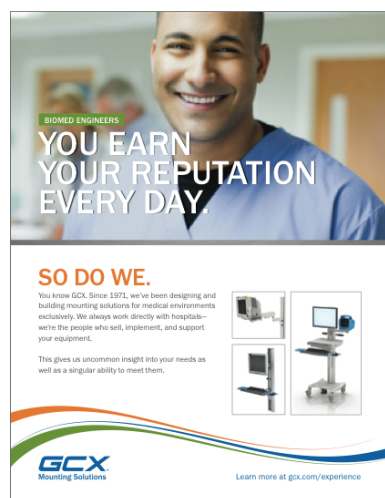

GCTX comes onsite, working directly with your facility's clinical areas to bring together medical and IT devices in a way that promotes optimal workflow—as well as user adoption. We can also share our well-tested best practices to help manage your EMR projects.

BIOMED ENGINEERS

YOU EARN YOUR REPUTATION EVERY DAY.

SO DO WE.

You know GCTX. Since 1971, we've been designing and building mounting solutions for medical environments exclusively. We always work directly with hospitals—we're the people who sell, implement, and support your equipment.

This gives us uncommon insight into your needs as well as a singular ability to meet them.

BIOMED ENGINEERS

YOU ALWAYS ADAPT TO NEW SITUATIONS.

SO DO WE.

Why change your mounting equipment every time the hospital upgrades its technology?

GCTX modularity means our products can take on new monitors and IT devices as simply as swapping out a bracket. And the built-in channel lets you easily remove—and replace—mounting arms, accessories, and more.

BIOMED ENGINEERS

YOU STAY ON THE JOB. DAY IN, DAY OUT.

SO DO WE.

Why waste your time dealing with broken or degraded mounting hardware?

Manufactured to the highest standards using top-quality materials, and guaranteed defect-free for five years from day of arrival, GCTX mounting solutions are engineered to outlast several generations of medical devices.

EXECUTIVES

YOU KNOW THE VALUE OF STANDARDIZATION.

SO DO WE.

Will "one-stop shopping" save you money, time, and effort?

GCTX mounting solutions are already used in your organization to mount various IT and medical devices. We will help you standardize on GCTX in all locations, then work with clinicians to make sure the standards are followed. One source. Fewer problems.

EXECUTIVES

YOU BELIEVE BETTER TOOLS HELP YOUR WORKERS THRIVE.

SO DO WE.

Is your healthcare workforce satisfied with the equipment you provide?

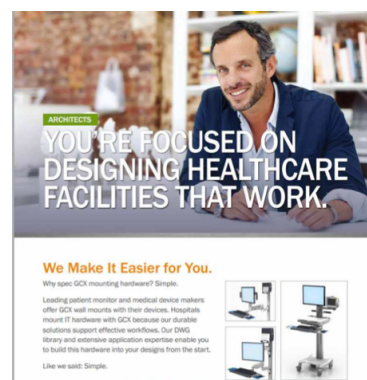

GCTX mounting solutions give workers what they need and want: better workflow. Our products offer space-saving design; wall, ceiling, and counter top mounting options; best configurability; the best durability; ease of disassembly; and simple upgradability.

ARCHITECTS

YOU'RE FOCUSED ON DESIGNING HEALTHCARE FACILITIES THAT WORK.

We Make It Easier for You.

Why spec GCTX mounting hardware? Simple.

Leading patient monitor and medical device makers offer GCTX wall mounts with their devices. Hospitals mount IT hardware with GCTX because our durable solutions support effective workflows. Our DNS library and extensive application expertise enable you to build this hardware into your designs from the start.

Like we said: Simple.
