

## Here Comes A Regular

With the **Krupps Beertender** you'll swear you can hear the theme song from "Cheers" swelling up as the key slides in your front door. That's because you're about to have a perfectly poured, consistently cold, draught Heineken or Newcastle beer in the comfort of your own home. The **Krupps BeerTender** is compatible with the Heineken DraughtKeg system which ensures your beer remains fresh for up to 30 days at the ideal temperature of 37.4 degrees F.

And what better place to enjoy it than where everybody knows your name?
