Use the objects in your room to organize your favorite sites and to discover what's trending. Shop, socialize, book a vacation, listen to music, watch movies and more from your place on the web!

<p>Google</p> <p>Google is an American multinational corporation specializing in internet-related services and products. It offers online productivity software including email (Gmail), an office suite (Google Docs), and an ad-revenue sharing program (AdSense), among other services. It is also the developer of the Android mobile operating system and the browser-only Chrome OS for a web browser known as a Chromebook.</p>	<p>Netflix</p> <p>An American provider of on-demand internet streaming media available to viewers in North and South America, the Caribbean, and parts of Europe, and of flat rate DVD-by-mail service. Netflix has 13 million DVD-by-mail subscribers, where member DVDs are sent via postal trays. As of March 2011, Netflix (2011) Netflix reports 44 global streaming subscribers at 44.4 million (2.2 million in U.S.). By Q4 2011, Netflix reported 33 million U.S. subscribers.</p>	<p>eBay</p> <p>An American multinational internet company in consumer-to-consumer, business-to-business, and business-to-consumer. It is a leading online marketplace for buying and selling goods and services worldwide. The company manages eBay.com, an online auction and shopping website in which people and businesses buy and sell a vast variety of goods and services worldwide.</p>	<p>PANDORA internet radio</p> <p>Pandora Internet Radio</p> <p>A music streaming and automated music recommendation service that serves as "radio" of the Music Genome Project. The service is operated by Pandora Media, Inc. in the United States, Canada, Australia and New Zealand. The service gives musical members of a certain genre based on the user's past selections. The user then provides positive or negative feedback for songs chosen by the service, which are taken into account when Pandora selects future songs.</p>
